## **Assessor Training Workshop**

C+ Test: Pre-Course Work

This short quiz is designed to help assess your knowledge of the current C+ Test Standard. Please complete it before attending The Pony Club C+ Test Assessor Workshop, and bring it with you. For each numbered item, identify the correct test and mark it in the relevant column. The Test syllabi can be viewed on The Pony Club website:

www.pcuk.org/tests\_and\_achievements/efficiency\_tests

1 Explain the families of bits 2 Recognise when a pony is clearly lame 3 Name the Scales of Training 4 Felt colour Green 5 Know the sequence of legs at all paces 6 Know which wounds require veterinary attention 7 Recognise good and bad conformation 8 Understand methods of worm control 9 Minimum age 13 10 Know when a pony needs shoeing 11 Know when a pony needs shoeing 12 Know and discuss the care, feeding and work of a stabled pony 13 Ride in a correct, balanced position over small fences 14 Put on a tail bandage 15 Fit a saddle and bridle 16 Discuss and show rein-back 17 Maintain a suitably balanced and independent position at walk, trot and canter without stirrups. 18 Be able to do up a curb chain correctly 19 Jump doubles 20 Know the names of the farriers tools 21 Mount and dismount safely and correctly on either side 22 Felt colour Beige 23 Lunge a horse for exercise 24 Ride up and down hill in walk and trot 25 Put on an exercise bandage 26 Candidates must have passed Road Rider Achievement Badge or the BHS Riding & Road Safety Test before taking the '?' Test 27 Put on a stable bandage 28 Aids for canter for a named leg on a circle 29 Minimum age 11 30 Know the correct fitting of a flash noseband			С	C+	В	Other
3 Name the Scales of Training 4 Felt colour Green 5 Know the sequence of legs at all paces 6 Know which wounds require veterinary attention 7 Recognise good and bad conformation 8 Understand methods of worm control 9 Minimum age 13 10 Know when a pony needs shoeing 11 Know the aids for and show leg yielding at walk 12 Know and discuss the care, feeding and work of a stabled pony 13 Ride in a correct, balanced position over small fences 14 Put on a tail bandage 15 Fit a saddle and bridle 16 Discuss and show rein-back 17 Maintain a suitably balanced and independent position at walk, trot and canter without stirrups. 18 Be able to do up a curb chain correctly 19 Jump doubles 20 Know the names of the farriers tools 21 Mount and dismount safely and correctly on either side 22 Felt colour Beige 23 Lunge a horse for exercise 24 Ride up and down hill in walk and trot 25 Put on an exercise bandage 26 Candidates must have passed Road Rider Achievement Badge or the BHS Riding & Road Safety Test before taking the '?' Test 27 Put on a stable bandage 28 Aids for canter for a named leg on a circle	1	Explain the families of bits				
Felt colour Green  Know the sequence of legs at all paces  Know which wounds require veterinary attention  Recognise good and bad conformation  Understand methods of worm control  Minimum age 13  Know when a pony needs shoeing  Know the aids for and show leg yielding at walk  Know and discuss the care, feeding and work of a stabled pony  Ride in a correct, balanced position over small fences  Put on a tail bandage  Fit a saddle and bridle  Discuss and show rein-back  Maintain a suitably balanced and independent position at walk, trot and canter without stirrups.  Be able to do up a curb chain correctly  Jump doubles  Know the names of the farriers tools  Mount and dismount safely and correctly on either side  Know the names for exercise  Ride up and down hill in walk and trot  Fut on an exercise bandage  Candidates must have passed Road Rider Achievement Badge or the BHS Riding & Road Safety Test before taking the '?' Test  Put on a stable bandage  Aids for canter for a named leg on a circle  Minimum age 11	2	Recognise when a pony is clearly lame				
5 Know the sequence of legs at all paces 6 Know which wounds require veterinary attention 7 Recognise good and bad conformation 8 Understand methods of worm control 9 Minimum age 13 10 Know when a pony needs shoeing 11 Know the aids for and show leg yielding at walk 12 Know and discuss the care, feeding and work of a stabled pony 13 Ride in a correct, balanced position over small fences 14 Put on a tail bandage 15 Fit a saddle and bridle 16 Discuss and show rein-back 17 Maintain a suitably balanced and independent position at walk, trot and canter without stirrups. 18 Be able to do up a curb chain correctly 19 Jump doubles 20 Know the names of the farriers tools 21 Mount and dismount safely and correctly on either side 22 Felt colour Beige 23 Lunge a horse for exercise 24 Ride up and down hill in walk and trot 25 Put on a exercise bandage 26 Candidates must have passed Road Rider Achievement Badge or the BHS Riding & Road Safety Test before taking the '?' Test 27 Put on a stable bandage 28 Aids for canter for a named leg on a circle 29 Minimum age 11	3	Name the Scales of Training				
6 Know which wounds require veterinary attention 7 Recognise good and bad conformation 8 Understand methods of worm control 9 Minimum age 13 10 Know when a pony needs shoeing 11 Know the aids for and show leg yielding at walk 12 Know and discuss the care, feeding and work of a stabled pony 13 Ride in a correct, balanced position over small fences 14 Put on a tail bandage 15 Fit a saddle and bridle 16 Discuss and show rein-back 17 Maintain a suitably balanced and independent position at walk, trot and canter without stirrups. 18 Be able to do up a curb chain correctly 19 Jump doubles 20 Know the names of the farriers tools 21 Mount and dismount safely and correctly on either side 22 Felt colour Beige 23 Lunge a horse for exercise 24 Ride up and down hill in walk and trot 25 Put on an exercise bandage 26 Candidates must have passed Road Rider Achievement Badge or the BHS Riding & Road Safety Test before taking the '?' Test 27 Put on a stable bandage 28 Aids for canter for a named leg on a circle 29 Minimum age 11	4	Felt colour Green				
Recognise good and bad conformation  Understand methods of worm control  Minimum age 13  Know when a pony needs shoeing  Know the aids for and show leg yielding at walk  Know and discuss the care, feeding and work of a stabled pony  Ride in a correct, balanced position over small fences  Put on a tail bandage  Fit a saddle and bridle  Discuss and show rein-back  Maintain a suitably balanced and independent position at walk, trot and canter without stirrups.  Be able to do up a curb chain correctly  Jump doubles  Know the names of the farriers tools  Mount and dismount safely and correctly on either side  Felt colour Beige  Lunge a horse for exercise  Ride up and down hill in walk and trot  Put on an exercise bandage  Candidates must have passed Road Rider Achievement Badge or the BHS Riding & Road Safety Test before taking the '?' Test  Put on a stable bandage  Aids for canter for a named leg on a circle	5	Know the sequence of legs at all paces				
8 Understand methods of worm control 9 Minimum age 13 10 Know when a pony needs shoeing 11 Know the aids for and show leg yielding at walk 12 Know and discuss the care, feeding and work of a stabled pony 13 Ride in a correct, balanced position over small fences 14 Put on a tail bandage 15 Fit a saddle and bridle 16 Discuss and show rein-back 17 Maintain a suitably balanced and independent position at walk, trot and canter without stirrups. 18 Be able to do up a curb chain correctly 19 Jump doubles 20 Know the names of the farriers tools 21 Mount and dismount safely and correctly on either side 22 Felt colour Beige 23 Lunge a horse for exercise 24 Ride up and down hill in walk and trot 25 Put on an exercise bandage 26 Candidates must have passed Road Rider Achievement Badge or the BHS Riding & Road Safety Test before taking the '?' Test 27 Put on a stable bandage 28 Aids for canter for a named leg on a circle 29 Minimum age 11	6	Know which wounds require veterinary attention				
Minimum age 13  Know when a pony needs shoeing  Know the aids for and show leg yielding at walk  Know and discuss the care, feeding and work of a stabled pony  Ride in a correct, balanced position over small fences  Put on a tail bandage  Fit a saddle and bridle  Discuss and show rein-back  Maintain a suitably balanced and independent position at walk, trot and canter without stirrups.  Be able to do up a curb chain correctly  Jump doubles  Know the names of the farriers tools  Mount and dismount safely and correctly on either side  Felt colour Beige  Lunge a horse for exercise  Ride up and down hill in walk and trot  Put on an exercise bandage  Candidates must have passed Road Rider Achievement Badge or the BHS Riding & Road Safety Test before taking the '?' Test  Put on a stable bandage  Aids for canter for a named leg on a circle  Minimum age 11	7	Recognise good and bad conformation				
10 Know when a pony needs shoeing 11 Know the aids for and show leg yielding at walk 12 Know and discuss the care, feeding and work of a stabled pony 13 Ride in a correct, balanced position over small fences 14 Put on a tail bandage 15 Fit a saddle and bridle 16 Discuss and show rein-back 17 Maintain a suitably balanced and independent position at walk, trot and canter without stirrups. 18 Be able to do up a curb chain correctly 19 Jump doubles 20 Know the names of the farriers tools 21 Mount and dismount safely and correctly on either side 22 Felt colour Beige 23 Lunge a horse for exercise 24 Ride up and down hill in walk and trot 25 Put on an exercise bandage 26 Candidates must have passed Road Rider Achievement Badge or the BHS Riding & Road Safety Test before taking the '?' Test 27 Put on a stable bandage 28 Aids for canter for a named leg on a circle 29 Minimum age 11	8	Understand methods of worm control				
11 Know the aids for and show leg yielding at walk 12 Know and discuss the care, feeding and work of a stabled pony 13 Ride in a correct, balanced position over small fences 14 Put on a tail bandage 15 Fit a saddle and bridle 16 Discuss and show rein-back 17 Maintain a suitably balanced and independent position at walk, trot and canter without stirrups. 18 Be able to do up a curb chain correctly 19 Jump doubles 20 Know the names of the farriers tools 21 Mount and dismount safely and correctly on either side 22 Felt colour Beige 23 Lunge a horse for exercise 24 Ride up and down hill in walk and trot 25 Put on an exercise bandage 26 Candidates must have passed Road Rider Achievement Badge or the BHS Riding & Road Safety Test before taking the '?' Test 27 Put on a stable bandage 28 Aids for canter for a named leg on a circle 29 Minimum age 11	9	Minimum age 13				
12 Know and discuss the care, feeding and work of a stabled pony 13 Ride in a correct, balanced position over small fences 14 Put on a tail bandage 15 Fit a saddle and bridle 16 Discuss and show rein-back 17 Maintain a suitably balanced and independent position at walk, trot and canter without stirrups. 18 Be able to do up a curb chain correctly 19 Jump doubles 20 Know the names of the farriers tools 21 Mount and dismount safely and correctly on either side 22 Felt colour Beige 23 Lunge a horse for exercise 24 Ride up and down hill in walk and trot 25 Put on an exercise bandage 26 Candidates must have passed Road Rider Achievement Badge or the BHS Riding & Road Safety Test before taking the '?' Test 27 Put on a stable bandage 28 Aids for canter for a named leg on a circle 29 Minimum age 11	10	Know when a pony needs shoeing				
Ride in a correct, balanced position over small fences  14 Put on a tail bandage  15 Fit a saddle and bridle  16 Discuss and show rein-back  17 Maintain a suitably balanced and independent position at walk, trot and canter without stirrups.  18 Be able to do up a curb chain correctly  19 Jump doubles  20 Know the names of the farriers tools  21 Mount and dismount safely and correctly on either side  22 Felt colour Beige  23 Lunge a horse for exercise  24 Ride up and down hill in walk and trot  25 Put on an exercise bandage  26 Candidates must have passed Road Rider Achievement Badge or the BHS Riding & Road Safety Test before taking the '?' Test  27 Put on a stable bandage  28 Aids for canter for a named leg on a circle  29 Minimum age 11	11	Know the aids for and show leg yielding at walk				
Put on a tail bandage  15 Fit a saddle and bridle  16 Discuss and show rein-back  17 Maintain a suitably balanced and independent position at walk, trot and canter without stirrups.  18 Be able to do up a curb chain correctly  19 Jump doubles  20 Know the names of the farriers tools  21 Mount and dismount safely and correctly on either side  22 Felt colour Beige  23 Lunge a horse for exercise  24 Ride up and down hill in walk and trot  25 Put on an exercise bandage  26 Candidates must have passed Road Rider Achievement Badge or the BHS Riding & Road Safety Test before taking the '?' Test  27 Put on a stable bandage  28 Aids for canter for a named leg on a circle  29 Minimum age 11	12	Know and discuss the care, feeding and work of a stabled pony				
15 Fit a saddle and bridle 16 Discuss and show rein-back 17 Maintain a suitably balanced and independent position at walk, trot and canter without stirrups. 18 Be able to do up a curb chain correctly 19 Jump doubles 20 Know the names of the farriers tools 21 Mount and dismount safely and correctly on either side 22 Felt colour Beige 23 Lunge a horse for exercise 24 Ride up and down hill in walk and trot 25 Put on an exercise bandage 26 Candidates must have passed Road Rider Achievement Badge or the BHS Riding & Road Safety Test before taking the '?' Test 27 Put on a stable bandage 28 Aids for canter for a named leg on a circle 29 Minimum age 11	13	Ride in a correct, balanced position over small fences				
16 Discuss and show rein-back 17 Maintain a suitably balanced and independent position at walk, trot and canter without stirrups. 18 Be able to do up a curb chain correctly 19 Jump doubles 20 Know the names of the farriers tools 21 Mount and dismount safely and correctly on either side 22 Felt colour Beige 23 Lunge a horse for exercise 24 Ride up and down hill in walk and trot 25 Put on an exercise bandage 26 Candidates must have passed Road Rider Achievement Badge or the BHS Riding & Road Safety Test before taking the '?'
