Could your Branch/Centre benefit from setting up a Young Equestrians club?

Young Equestrian Club is a Sports England funded project via the British Equestrian Federation (BEF). The project is open to registered riding schools and branches within BEF member bodies; British Horse Society, Association of British Riding Schools and Pony Club linked Centres/ Branches.

The purpose of the clubs is to work with young people between 13 and 18 to engage and connect them to equestrianism. This is achieved by providing the opportunity to try different equestrian sports, to learn horse care in a relaxed environment and provide an opportunity for them to socialise.

Find out what clubs have been up to here: http://youngequestrians.club/
