

Curving Related Distances

Curving Related Distances

These distances are for fences up to 1.05 metres. Increase by 0.9 metres (3 feet) if jumping 1.10 metres upwards.

Uses

- Course preparation
- Rider focus
- Canter rhythm
- Planning line of approach
- Keeping line between fences
- Maintaining jumping canter

Common Faults

- Not maintaining rhythm
- Not planning ahead
- Not riding a prepared corner
- Not looking ahead to the next fence
- Not riding a good line before and after the fence to prepare for the next fence(s)
