

Memory Test

How to play the game:

There are a number of items hidden under a sheet on the table, the sheet will be lifted off for one minute then re-covered.

Try to memorise as many items on the table as possible in one minute, once items are covered up fill out answer sheet with as many items as you can remember. You will have one minute to see the items and four minutes to write down what you can remember. This will be done twice with two sets of items.

This will be scored individually, each team member will have their own answer sheet. No conferring.

Equipment:

Table and 2 chairs

Grooming kit items as listed below

Sheet or towel to cover items x2

Stop watch

Pens x6, clipboards x5 and answer sheet for each competitor

Answer legend for scoring.

Tips for organisers:

Tell the teams they must not speak to each other and can only start writing once the items have been re-covered. Stand a team member on each side/end of the table so that they are not able to glance at each others answers.

Remind competitors to write their name, branch and team number on each sheet.

Add up the scores, double check and initial before handing over to scorers.

Mini competition - it is recommended that a couple of spare helpers are available for this table incase any competitors require help with writing.

At the table each individual competitors score sheet will be added up as per the round information sheet.

When all three or four team members score arrive with the scorers, add up the total which will be out of 60 for three team members and 80 for four team members.

Then divide by the number of team members ie three or four to get a team total between 0-20.

Grooming kits to include any of the below items

Body brush

Dandy brush

Rubber curry comb

Hoof pick

Mane comb

Mane and tail brush

Sweat scraper

Plastic curry comb

Sponge

Water brush

Metal curry comb
