The Pony Club was founded in 1929. It has influenced many young people’s lives and will continue to do so long into the future.

Membership of The Pony Club gives a sense of belonging, is a source of pride and members, parents, instructors and volunteers collectively treasure and contribute to the evolution of its heritage. As The Pony Club continues to make a difference in the equestrian world today, we need to protect and strengthen its brand.

The Pony Club brand, logo and colours identify Members, Staff, Coaches and Volunteers and promote a sense of belonging and community. They also reflect our values of Togetherness, Empathy, Respect and Learning.

This document offers you guidance on how to use our logo, and where to position it on documents and clothing. We define our preferred font type for Pony Club documents and provide template examples as to how to represent the brand in Word and Powerpoint.

This document is not exhaustive and will evolve, but we ask that all who represent The Pony Club act as guardians of our brand and work within these guidelines to support and strengthen it.
Our logo is a visual symbol of our organisation: it is how people recognise us. When people see our logo it will also evoke feelings, hopefully of pride and belonging. It is important to so many and when used should reflect its importance.

The official logo of The Pony Club is:

The roundel is part of our logo and in some circumstances, identified below, it can be used separately.

Our heritage badge displays the roundel element of the logo. The badge should be worn by members at all activities when a jacket is worn. The heritage badge is also used, with appropriate text, for badges for officials, volunteers and the Cubitt award.

APPENDIX 1

OUR LOGO EXCLUSION ZONE

A logo exclusion area is designed to ensure appropriate space is left around the logo, so that it can be seen clearly as a stand-alone symbol of our organisation.

When printed this logo should be used at a minimum of 50mm wide with an exclusion zone of 1/2 of the size of the logo.

The logo should be positioned in either the top-right or bottom-left corner of the page.

Minimum size for on-screen use is 170px wide.
It is vital that the logo is used consistently wherever it appears.

- Do not stretch or alter the proportions of the logotype.
- Do not add any elements to the logotype in the exclusion zone.
- Do not change the colour of the logotype from the master versions provided.
- Ensure the logo is always used large enough to be legible.
- Do not use any other font.

The Pony Club logo is the most important brand asset so must be used correctly on all communications whether in print or online.
