

Guess the Item

How to play the game:

Each member of the team selects a side or end of the table to stand next to, on each side/end will be three bags with items inside. They and only they can feel through the bag and must identify the item inside by feel alone.

One team member stands on each side/end of the table, three bags of items will be on the table on each side/end. Each team member is given 2mins 30secs to feel their bags and identify the items inside, each bag is numbered and the team members write their guess on the answer sheet next to each bag's number. Members are only allowed to feel their bags during their allocated time, they must not touch the bags at any other times.

Equipment:

Table and 2 chairs
12 numbered bags of items with closed ends
Answer sheet for each team
Pens x4 for team members
Clipboard and pens for scorers
Answer legend for scoring

Tips for organisers:

Tell the team members to pick a side or end to stand at, during the 10mins of play time ensure they know that they each have 2mins 30sec to feel their three bags and guess the answers, they need to write on the answer sheet what they think is in each bag. Each bag is numbered and the answers need to be written on the answer sheet next to the bag's number.

Reset the table for each next team by making sure that none of the items have been removed from bags and that they are in place.

Arrange the table so that bags 1,2 & 3 are together, 4,5 & 6 together etc and then have the member stand at bags 1,2 & 3 go first and so on so that they are helped to write their answers down in numerical order on the answer sheet. They need to know that they must write what they think is in bag one against the number one on the answer sheet as that is how you will score them.

When finished mark their answers against the answer legend, second person to check and initial before being collected for scorers.

If a team only has three members each member has four bags and 3mins 20sec each.

Items to bag up and Answer legend

	Junior/Senior Items		Mini Items
1	Thermometer	1	Dandy brush
2	Over reach boot	2	Snaffle bit
3	Body brush	3	Body brush
